Sermon: God Is El Shaddai / Speaker: Pastor Brian

1. Who is the most powerful person that you've ever been around? Or what is the most powerful thing you've ever been around? What impressed you the most?
2. It was important for God to remove pride from Abraham before He fulfilled His promise. Is there pride in your life preventing you from seeing God's promises? What is it? How did it come about?
3. We are first introduced to El Shaddai, God Almighty, in Genesis 17. This speaks to His omnipotence (all powerful) and His sufficiency (He is complete, lacks nothing.). How have you seen the almighty power and completeness of God in your life? Give some examples.
4. In Exodus 7-11, through the use of plagues, God obliterated every Egyptian god. He proved just how great He was and still is. Identify gods in your own life that need to be removed. What steps can you take to allow El Shaddai to remove them?

This Week's Challenge:

Memorize Ephesians 6:10-17. Begin each day by reciting these verses and take stance against Satan by putting on the full Armor of God. If you cannot memorize these passages, read them aloud each morning. Document any changes that you notice: changes in your attitude, relationships, demeanor, your walk with Jesus, etc.

*Feel free to use the above sermon talk questions in your group this week to spark discussion! Each week, we will provide you with new questions. You can also find these questions at washingtoncma.org/groups.
