

REOPENING PLAN

Out of an abundance of caution and love for your child and our team, we are implementing the following new safety procedures. We are excited to be resuming our programming. We know things will look different, but we will continue to provide an engaging environment that points kids to Jesus!

WHAT TO EXPECT ON SUNDAYS

- **TEAM SCREENINGS:** Every Children's Ministry team member will go through a screening process before serving that includes a health questionnaire & temperature check.
- **FACE COVERINGS:** We are recommending masks be worn by our volunteers and children (3 & older) while in the hallways and other common areas. They may remove them in their socially distanced classrooms.
- **CHECK-IN:** Our Check-In Team will check-in families in the FOYER of the church. Children's temperatures will be checked and they will receive their name sticker. Once children receive their stickers, parents will drop them off near the TV in the lobby. Here, a team member will accompany them to their classrooms.
- **CHECK-OUT:** Parents will pick up their children at the PAVILION. Parents must show their receipt at pick-up. The pick-up location will change when the weather becomes colder.
- **CLASSROOMS:** Children will social distance by sitting on "Sit Spots" on the floor in LARGE GROUP AREAS and be spaced apart while sitting at tables for SMALL GROUP activities. Children will have their own pencil box of supplies to use while in class.
- **CLEANING:** Rooms, toys, and surfaces will be disinfected before & after each service. Please be patient with us between services!
- **SNACKS & PERSONAL ITEMS:** Only preschool children will receive pre-packaged snacks. Diaper bags will be labeled & safely stored. Please do not bring any snacks/beverages from home until further notice and please limit personal items as well.
- **ILLNESS POLICY:** Children who have had a cough, fever, shortness of breath, vomiting, or diarrhea within 24 hours of a service, should not attend.
