

## **Wednesday - Awana Reopening Plan**

Out of an abundance of caution and love for your child and our team, we are implementing the following new safety procedures. We are excited to be resuming Awana. We know things will look different, but we will continue to provide an engaging environment that points kids to Jesus!

### **WHAT TO EXPECT ON WEDNESDAYS**

**TEAM SCREENINGS:** Every Children's Ministry team member will go through a screening process before serving that includes a health questionnaire & temperature check.

**FACE COVERINGS:** We are recommending masks be worn by our volunteers and children (3 & older) while in the hallways and other common areas. They may remove them in their socially distanced classrooms.

**CHECK-IN:** Guardians will pull up to the church entrance between **5:45 and 6:00pm** on Wednesday evenings. Families will remain in the vehicle. Awana team members will check children's temperatures while they are still in the vehicle. Guardians and children will be assigned a number that will be used to identify the correct person to pick up the child at the end of the evening. Children will then be escorted to their classes by the Awana team. It will be required that all children are registered by **November 1st**. Families can register their kids on the **Washington Alliance App** or at **washingtoncma.org/uptown kids**.

**CHECK-OUT:** Guardians will pull back into line for pickup between **7:30 and 7:45**. Guardians will show the number they were assigned at drop-off and their children will be brought to the vehicle by the Awana team.

**LARGE GROUP AREAS:** Children will stay with their small groups throughout the evening.

**SMALL GROUP:** Children will have individual/pre-packaged supplies for various activities.

**CLEANING:** Rooms, toys, and surfaces will be disinfected before & after each small group uses an area of the church campus.

**SNACKS & PERSONAL ITEMS:** Only preschool children will receive prepackaged snacks. Diaper bags will be labeled & safely stored. Please do not bring any snacks/beverages from home until further notice and please limit personal items as well.

**UNIFORMS:** Children are still welcome to wear their Awana uniforms. We will be pinning awards to **pennant flags** throughout the year instead of pinning the awards onto children's uniforms. At the end of the Awana year, each child will bring their pennant home.

**ILLNESS POLICY:** Children who have had a cough, fever, shortness of breath, vomiting, or diarrhea within 24 hours of Awana, should not attend.
